

COMMERCIAL FISHING SOLUTIONS

The FB ETERM-C system cost will be fully reimbursed by NOAA. Faria Beede is supplying complimentary/no cost first year airtime service. Contact your electronics dealer for more information.

ETERM-C COMBO GSM/GPS • EMAIL • EFORMS

A powerful GSM/GPS VMS EMTU-C (cellular) tracking and information display system proving reliable and cost-effective messaging, e-mail, e-forms and GPS Tracking for the Gulf of Mexico For-Hire-Fleet.

Faria Beede has been a leading supplier of NOAA Type Approved VMS since 2007. The FB ETERM-C is designed to meet the National Marine Fisheries Services' EMTU-C reporting requirements for the For-Hire-Vessels operating in the Gulf of Mexico.
